References

I had the pleasure of working with Nick when he joined the camera department on the feature film 'The Water Diviner' as our ACS sponsored attachment.

Nick came onboard as one of our 2nd ACs, and displayed great resolve in supporting the department during a physically arduous shoot.

Nick also became my secret weapon when we employed more cameras than we had crew to handle. He operated the fourth camera in battle scenes and normal drama, acquitting himself admirably.

Nick listens, takes advice, has a good sense of humour and a solid work ethic.

I'd be more than happy to work with Nick Forster in the future.
